

# ARTIFICIAL INTELLIGENCE FOR SPORTS ANALYTICS AND PLAYERS' SAFETY

Do **MORE** with **LESS**.  
Bring the Analytics wherever you need:

Use it on training sessions  
Use it when you are the visiting team  
Adopt the platform also for younger teams  
Monitor the health status of your players  
Predict and plan medical examinations

A LIGHTWEIGHT  
and **PORTABLE** solution  
**No FIXED** Installation required

Affordable and Pratical for every **TEAM CATEGORY** or **EVENT**

[Portable means also **Chepaer.**]

Now you can buy a single system and use it wherever you need it.

[Portable means also **Smarter.**]

Plug and Play, Point and Click. Let the AI do its job and get the Results.

[Portable means also **Easier.**]

## Youth Teams

## Pre COMPETITIVE

## MAJOR TEAM

# Bring the AI **WITH YOU**

Easy to be transported and  
actionable in a breeze

You can control everything  
with a Notebook or a  
Smartphone

# What can you do now? **Whatever you need**

**LIVE ANALYTICS**

**SHOT SPEED**

**PLAYER SPEED**

**PLAYER LOCATION**

**ACTION ANALYTICS**

**PLAYER ACCELERATION**

**PLAYER DOWN**

An AI eye on the match.  
The AI keeps tracking anything that  
happens

Not just numbers,  
But Knowledge about the match  
And the players' health status

# BREAKING NEWS

The Artificial Intelligence is also able to monitor the **HEALTH STATUS** of the players. It can predict **ACCIDENTS** or **ILLNESS**.

ILLNESS

CONTROL

ACCIDENT

# SCORE A GOAL!!!

Ask for a  
**DEMO**
